Excellence | Opportunity | Success  
Our schools offer an exceptional education from Kindergarten to Year 12  
Quality learning programs empower students to engage in their learning and inspire and foster individual abilities and interests.  
Strong values, respect and positive behaviour underpin the success of our school community
Together We Excel

Our schools have a reputation for delivering quality education to all students. Our highly qualified and experienced teachers are dedicated to ensuring that students reach their full potential.

Our students are inspired to explore their individual interest in a varied curriculum. We offer innovative student wellbeing programs that promote a healthy lifestyle. Our students access a wide range of sporting activities.

Students are encouraged to be socially responsible citizens by being involved in their community, raising funds for charity and participating in equity forums to present the student view on social justice.

Exceptional support for every student in well disciplined schools

We are national leaders in the Positive Behaviour for Learning approach to student welfare and discipline. Our schools operate on the core values of Respect, Responsibility and Honesty.

Expectations are explicitly taught and reinforced by a system of merit and consequences, creating a safe, happy learning environment.

Our welfare programs are designed to promote resilience, self-confidence, personal development and social skills. Bullying and harassment are totally unacceptable.
